There is something swimming around...

That is right, the FISH are back at your credit union. It might be a goldfish or beta, but something is swimming around various bowls in our office!

If you are in Galesburg, you have to stop in and see the Grand-Daddy of all, **Jerry**. Fred has survived many tank changes and just keeps swimming. He is the only remaining fish from our promotion about two years ago. Don't stick your finger in the bowl, he is big enough to drag you in!

So what is all the "fish" about? The fish just help us celebrate and promote our amazing checking accounts and this year, our newest service we are offering—Business Checking Accounts! We are committed to offering you Free, Simple Checking Accounts that earn dividends—and that is what we are doing with our Personal and now the new Business Checking Accounts.

Sincerely,
Randy McElwee
President/CEO

Staff Spotlight

Sade B. joined our management team at the end of October 2023 as our new Accountant. She comes with lots of experience and a degree in the field which has helped tremendously. Sade handles our accounts payables, several audit functions, and completes our month-end financial statements. She works in our Peoria office. Sade is digitally minded and is making great strides to convert paper to digital for us.

Danielle C. started with Gale CU in 2022 and has earned her way from Teller to a specialist in Member Services and Back Office work. Likely, if you have an online banking issue, Danielle is the one who is getting it resolved. In addition to managing the online aspect, she also helps with "techy" type needs with our staff, oversees the ordering of supplies, balances various functions, and records a wide variety of statistics that helps the President/CEO manage the credit union.
